

**NATURE**

Title: Forces of Nature

Description: Create a dynamic composition of text influenced by a force of nature

Procedure:

- From the following select one of the forces of nature to serve as your theme. This list is as follows: Structural, Diverse, Vast, Mysterious, Evolutionary, Organic, Dynamic, Culminating, Complex, Metamorphic, and Cyclical.
- Based on its definition and working with the text, sketch various compositional layouts in an attempt to capture the essence of the force of nature you have chosen.
- From these comprehensives, chose your most successful concept and finalize the typographic composition.
- Use an element of nature to form the background (graphic component) of the assignment. Consider scanning actual found surfces or from photographs to serve as a background.
- Choose the typeface, size, leading, structure appropriate to the message.
- Explore type contrasts to give the typographic statement dynamic form.
- The graphic is designed on a 11" x 17" page or no larger than 22" x 30"
- Print the final on the Epson large format printer.
